Seongjin Nam

Drum & Percussion

Wonjae Lee
Jiwoong Choi

Art at GPA

GPA students have worked hard this semester to create a variety of visual works including drawings, paintings, and sculpture. Through Art classes students have explored a variety of artistic mediums applied as creative process in the making of art through effort. Masters' studies as well as some group projects have been undertaken along with a limited study of art history and aesthetic appreciation. The culmination of these efforts is for the development of their own artistic ability made manifest in personally selected project work.

Program
