5 BEST Places to Visit in Jeonju

• #Activity #Cafe #Restaurant •

#Objectyoo

A workshop where ceramic one-day classes are possible!
It that runs 100% on a reservation basis and is a 90 minutes class. After the demonstrator explains how to make it, you can freely make plates of any design you want. It has the advantage of being able to make a one-and-only plate because you can make your own design and engrave your initials. There are also various samples prepared, so you can make it for reference, and the demonstrator kindly explains and helps, so it is recommended as a unique experience that is not difficult.

#Lazyke habitat

A brunch cafe with European interior!
It is a cozy and warm atmosphere with an outdoor terrace where is well-lighted. It sells brunch menus, coffee, and desserts, so you can eat a heavy meal or also enjoy only dessert. You will fall in love with the plating of food full of sincerity and once again with the taste. In particular, the best menu is "open sandwich" with fluffy eggs on top, and 'potato soup', which boasts a softness that makes you feel good, is also a popular menu. It is a cafe that you will never regret even though you have to wait in line because it is so popular.

#Art of lamb

Grilled lamb dining with a luxurious atmosphere! There is also an open hall with a rather bustling atmosphere and the private room where you can enjoy private meals. So if you want to eat in a tranquil atmosphere, you can also reservation the room. Since the staff kindly explains and grills it for you, you can eat comfortably. There are various alcoholic beverages such as wine, whiskey, sake, and highball, so it is good to suit to your taste. It is a restaurant where you can experience grilled lamb that is more unique than beef and pork because the quality and flavor of the meat is fresh and clean.

#Mystery Mansion

A pub catches the eye with gorgeous interior! The munchies's plating is as fancy as the interior design, and it tastes so good. So, it's a pub that makes your eyes and mouth happy. The colorful cocktail of six colors "Alchemy of butler" is the most popular, so I recommend you to order it. There are various events, things to play, and photo zones, so there are many things to enjoy. If you visit during your leisure time, you can experience making cocktails in the bar. If you want to enjoy delicious munchies and atmosphere at a unique pub, I recommend it.

#Gigige waterfront park

A park with more beautiful night view! The light is subtle and quiet atmosphere, so it is a good park to take a walk while looking at the night view. The combination of the calm lake and apartment lights goes so well together, and the building reflected in the calm lake is even more beautiful. The rest area in the middle of the walking trail is also well-lit, so you can take magnificent pictures. It is a healing spot in the city where you can relax in the romance of the beautiful night view while walking on a sparkling light's trail.
