Jeonju University

A place where superstars are raised, Jeonju University is a four-year university located in the center of Jeonju.

Jeonju University is constantly evolving to become the No. 1 university in creating educational value. Jeonju University awaits future superstars.

A nighttime aerial photograph of the Jeonju University Star Center. The building is a large, modern structure with a white, perforated facade and a dark roof. It is illuminated from within, and its lights reflect on the surrounding area. In the foreground, there is a dark, multi-story building with some lit windows. To the left of the main building, there is a brightly lit outdoor sports field. The background shows a cityscape with various buildings and lights, and distant mountains under a dark blue sky. A green triangular graphic element is in the top right corner, containing the title and text.

Star Center

Star Center, the landmark of Jeonju University, is a complex mall that connects all parts of the campus.

Star Center, designed by world-renowned architect Aaron Tan is equipped with a ubiquitous function library, multimedia cultural facilities and convention center and is loved as the place where students of Jeonju University stay for a long time.

- iv. If parents and students renounce (lose) their Korean nationality, they must submit a certificate of loss of nationality.
- v. If only one of the fathers or mothers is the obligor for support, only the nationality of the obligor for support is reflected (must be confirmed with government-issued documents)
- vi. If there are any unusual circumstances related to family relations and nationality (divorce, remarriage, unmarried, death, disappearance, acquisition of Korean nationality, etc.), submit government-issued documents proving them.

B. Academic background recognition

- i. In principle, the period of study in elementary, middle, and high school is based on the Korean education system.
- ii. Grades 1 to 6 of the overseas curriculum are considered elementary schools, grades 7 to 9 are considered middle schools, and grades 10 to 12 are considered high schools (however whether or not to recognize high school graduation from overseas high schools is based on the domestic regular high school system). Determined by comprehensively considering the school system and semester of each country)
- iii. In the case of applicants from countries where the elementary, middle, and high school education system is less than 12 years, the Minister of Education Only those who have completed all of the foreign curricula recognized as equivalent to the curricula are recognized as having the same qualifications as high school graduates.
- iv. Among high school graduates who fail to obtain high school graduation qualifications before the date of admission to this school, acceptance (admission) will be cancelled.
- v. In the case of a (professional) bachelor's degree in China, an academic certificate issued by the Ministry of Education must be submitted.
- vi. Domestic/overseas qualification exams, home schooling, cyber learning, etc. are not recognized as academic backgrounds as graduation qualifications or application qualifications.
